

LUMOS 159 LED MODULE SERIES

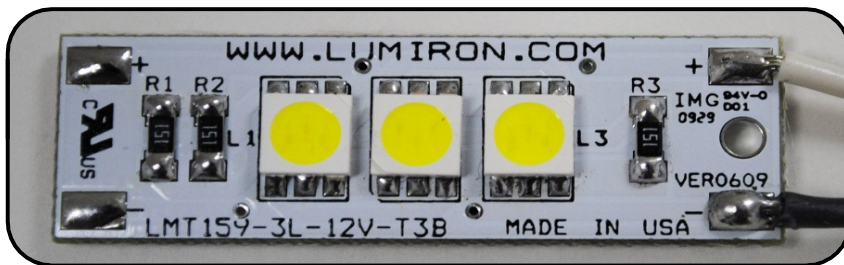

LUMOS 159 - 3L - T3 SERIES

The LUMIRON LUMOS 159-T3-SERIES is a high-grade, 1 5/8" by 9/16", rectangular module designed to produce outstanding dimmable lighting solutions for MARINE, ARCHITECTURAL AS WELL AS NEW FIXTURES FOR ALL APPLICATIONS. It is a great retrofit on small marine courtesy lights or any small linear fixture for commercial, domestic or designer application. It is easy to install in new or, to retrofit existing fixtures. THE LUMOS 159-T3-SERIES IS AVAILABLE IN 12VDC ONLY AND IS DIMMABLE.

The LUMIRON LUMOS 159-T3-SERIES is an innovative solid state lighting solution for commercial/industrial and marine application. This LED has excellent lighting applications in multiple whites or colors; while reducing the impact on the environment, it offers you a solution to many of your lighting needs. The LUMOS 159 MODULE has a considerably low power usage using 12VDC AND .75 WATTS per module. It has multiple marine applications with exceptional quality of illumination.

LEDs have lower heat emission and no UV or Mercury. That makes it a cost effective, environmentally conscious product with a lifetime of about 50,000 hours of use. LUMIRON'S LUMOS 159 is a solid state lighting solution that has gone through our rigorous in-house testing and comes with a 3 year warranty.

Dimmable
Made in USA
3 years Warranty

Benefits & Features:

- Low Energy Consumption
- Dimmable
- Different Colors
- Good For Retrofit Small Courtesy Light Fixtures
- Long Lasting 50,000. hours
- Easy to Install
