

RONDO 120R LED SERIES

RONDO LMT - 120R - 12L - T3 SERIES

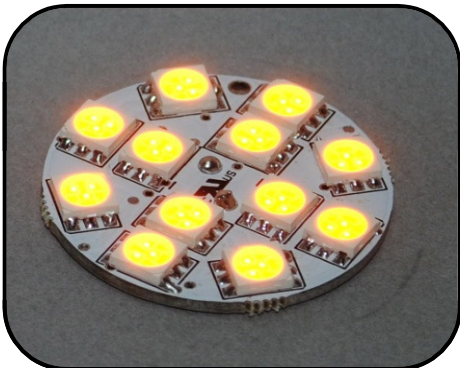

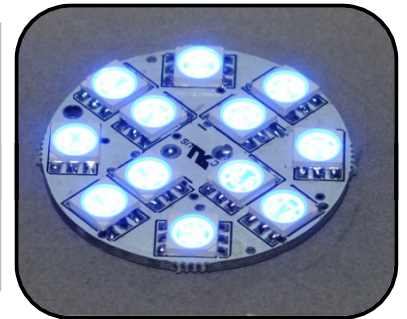

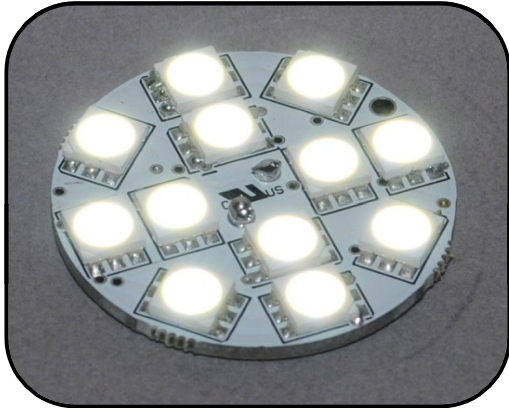

The LUMIRON RONDO LMT-120R-12L-T3

Is a high-grade circular module. It is 1.2 inches and designed to produce outstanding dimmable lighting that is easy to install for new or retrofit in existing fixtures. LUMIRON'S RONDO LMT-120R-12L-T3 is an innovative solid state lighting solution for design, commercial/industrial and marine application. This 12 LED module is high-power with multiple white or color excellent lighting applications while reducing the impact on the environment. The RONDO LMT-120R-12L-T3 has a considerably lower power usage using only 3 Watts of power. LEDs have lower heat emission and no UV or Mercury that makes it a cost effective, environmentally conscious product with a life time of about 50,000 hours of use. LUMIRON'S RONDO LMT-120R-12L-T3 is a solid, USA made LED product that has gone through our rigorous in-house testing with a 3 year warranty.

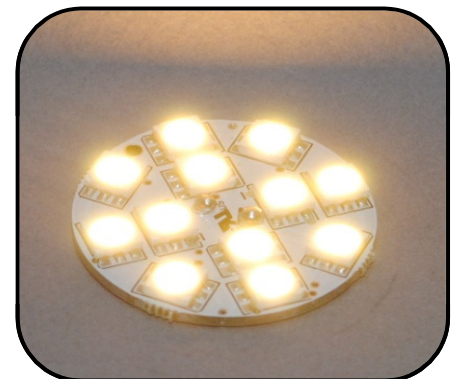

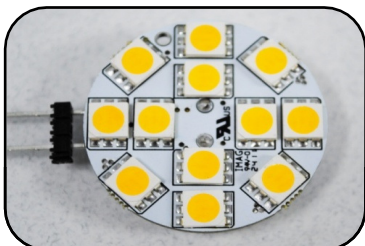

GO GREEN AND MADE IN THE USA

Benefits & Features:

- Low Energy Consumption
- Dimmable
- Different Colors
- Good For New and Retrofit light Fixtures
- Long Lasting 50,000. hours
- Easy to Install

**Dimmable
Made in USA
3 years Warranty**

SPECIFICATION

Rondo LED modules are for new and retrofit lighting fixtures.

Size: 1.2" (3 cm) Diameter

Number of LEDs: Single Color 12 Led

Type: T3B

View Angle: 120°

Power: 12VAC/DC or 24VAC/DC or 12-36V AC/DC

Power Consumption: 3 Watts

Mounting: SP1- G4 - Side Pin

BP2 - Back Pin

CBL1 - Back Cables

CBL2 - Side Cables

LED COLORS

Cool White LED : 6000-7000K

Neutral White LED: 4000-5000K

Warm White LED: 2500-3500K

SINGLE COLOR: White, Red, Green, Blue,
Amber
