DAKOTA LED PANEL SERIES

The DAKOTA Panel stands above the competition by offering highly efficient edge-lit construction maximizing performance and improving overall energy savings. This edge-lit construction provides customers with smooth even illumination across the entire span of the panel, eliminating issues with hot spots and glare. The DAKOTA series is the ideal solution for installation in grid ceilings, drywall recessed, surface or suspended for offices, schools, hospitality, retail and other commercial applications. It is also perfect for use indoors in architectural, signage and custom lighting applications. Their high CRI is ideal for retail stores and showrooms where natural color rendering is essential. Versatile edge-lit flat panels offer low power consumption, longer life optional, dimming option and maintenance free operation providing an excellent energy efficient replacement.

Benefits & Features

- Dimmable.
- UL Certified.
- Made in USA.
- Easy to Install.
- 3 Year Warranty.
- Low Maintenance.
- Low Profile Design.
- Uniform Illumination.
- 70 000 Hours Lifespan.
- Customizable (Size, Color and Light Level).
