

TRX1-L002S

LINEAR LED

Made in USA

The LUMIRON LEDO TRX1-L002S is a low voltage multiple functional LED Linear Lighting system. Also is an energy-efficient solution for residential, commercial and architectural use with an unlimited range of applications. Obviously, this fixture is ideal for indoor use, also in showrooms or showcases, an accent to podiums or desktops, and in the commercial for lighting applications. Basically, it is very similar to installing a shower curtain rod with cuff cover for a more aesthetic appeal.

It's ultra-slim design and our ability to design custom linear solutions for your specific applications reduces installation limitations. It has dimming capabilities that integrate with many of the controls used in traditional lighting as well as specific ones used for optimal results. LEDs give you limitless functional and design options in the lighting world. Are available in different colors like Cool White (6000K), Neutral White (4000K) and Warm White (3000K-2700K).
